

WE CAN SWIM!

Come Swim With Us!

Founded in 2013, We Can Swim! is a student-run program offering free swimming lessons to underserved youth of almost any age, and specifically for those of the African American and Hispanic communities. This program was developed to directly combat the drowning rates in these populations, provide access to safe learning environments, and increase representation in the sport of swimming. We believe it is crucial that children learn these skills at a young age to stop preventable drownings and for everyone to take full advantage of the city pools every summer.

Where are lessons?

Pottruck Gym in
the Sheerr Pool
3701 Walnut Street
on the University of
Pennsylvania's campus.

When are lessons?

Lessons are generally
held every Saturday
morning from mid-March
to the end of April and
